

Cake Pops

Amazingly popular, cake pops are a fun bite sized taste of cake and frosting with a chocolate candy coating. All cupcake flavors double as available flavors for our cake pops (see our cupcake menu online). However, we have been known to stray off the menu a bit to fit your occasion. Creating them is almost as much fun as eating them...almost.

Cookies

From light delicate butter cookies to dense shortbreads, cookies are an unassuming addition to every occasion. Our cookies are made with only the freshest ingredients, real sweet cream butter, fresh eggs, and pure vanilla. Our offering changes with the season, but I am sure you will find our Christmas selections absolutely the finest around.
